

FOX NEWS POLL

Anderson Robbins Research (D) / Shaw & Company Research (R)

Interviews Conducted:
February 15-17, 2016

*Questions 1 and 3-7 for release after 10:00 AM/ET Thursday, February 18, 2016.
Question 2 for release after 6:00 PM/ET Thursday, February 18, 2016.*

SOUTH CAROLINA

The Fox News Poll is conducted under the joint direction of Anderson Robbins Research (D) and Shaw & Company Research (R).

The poll was conducted by telephone with live interviewers February 15-17, 2016 among a random state sample of 1,401 likely South Carolina primary voters. Respondents were screened to identify likely primary voters. Results for the 642 likely Democratic primary voters have a margin of error of plus or minus four percentage points and results for the 759 likely Republican primary voters have a margin of error of plus or minus 3.5 percentage points.

Landline (763) and cellphone (638) numbers were randomly selected from a statewide voter file of registered South Carolina voters using a probability proportionate to size method. This simply means that phone numbers are proportionally representative to the number of voters in all regions across the state of South Carolina. Fieldwork conducted by Braun Research, Inc. of Princeton, NJ.

An asterisk (*) is used for percentages of less than one-half percent.
A dash (-) represents a value of zero.
Some results may not add to 100% due to rounding.

1. How likely is it that you will vote in the South Carolina presidential primary this month - will you definitely vote in the primary, probably vote in the primary, probably not vote, or definitely not vote? **(IF DEFINITELY OR PROBABLY)** Will you vote in the Republican primary on February 20th or the Democratic on February 27th? **(IF ALREADY VOTED)** Did you vote in the Republican primary or the Democratic primary?

	-----Democratic-----			-----Republican-----
