

FOX NEWS POLL

All results are for release after 6PM/ET Thursday, July 11, 2019.

SOUTH CAROLINA DEMOCRATIC PRESIDENTIAL PRIMARY

Methodology

Interviews were conducted July 7-10, 2019 among a random sample of 701 South Carolina Democratic primary voters contacted on landlines (271) and cellphones (430).

Results based on the full sample have a margin of sampling error of ± 3.5 percentage points.

Telephone numbers were randomly selected from a statewide voter file of registered South Carolina voters using a probability proportionate to size method, which means phone numbers are proportionally representative to the number of voters in all regions across the state. Respondents were screened to identify potential participants in the South Carolina Democratic presidential primary election.

The Fox News Poll is conducted under the joint direction of Beacon Research (D) (formerly known as Anderson Robbins Research) and Shaw & Company Research (R).

Note: In 2019, the firm Anderson Robbins Research changed its name to Beacon Research; the Fox News bipartisan polling team remains unchanged.

Fieldwork conducted by Braun Research, Inc. of Princeton, NJ.

Results are of registered voters, unless otherwise noted.

An asterisk () is used for percentages of less than one-half percent.*

A dash (-) represents a value of zero.

Some percentages may not add to 100% due to rounding. In the same way, percentages in "total" columns may be one point more or less than the sum of their parts due to rounding.

1. How likely are you to vote in the February 2020 South Carolina Democratic presidential primary -- will you definitely vote in the Democratic primary, probably vote in the primary, probably not vote, or definitely not vote?

	<u>Definitely</u> <u>vote</u>	<u>Probably</u> <u>vote</u>	<u>Probably</u> <u>not vote</u>	<u>Definitely</u> <u>not vote</u>	<u>(Don't</u> <u>know)</u>

Fox News Poll -- Margin of Error for Subgroups

The Fox News Poll is conducted under the joint direction of Beacon Research (D) (*formerly known as Anderson Robbins Research*) and Shaw & Company Research (R).

Interviews were conducted by telephone (landline and cellphone) with live interviewers July 7-10, 2019 among a random sample of 701 South Carolina Democratic primary voters.

Results based on the full sample have a margin of sampling error of plus or minus 3.5 percentage points.

Results among the attached subgroups have larger sampling errors:

Overall sample: +/- 3.5%

Men: +/- 5.5%

Women: +/- 5%

White: +/- 7%

Black: +/- 4.5%

White Men: +/- 9.5%

White Women: +/- 9.5%

Black Men: +/- 7.5%

Black Women: +/- 6%

Under Age 45: +/- 7.5%

Age 45+: +/- 4%

College Degree: +/- 5%

No Degree: +/- 5%

Income Under \$50k: +/- 6%

Income \$50k+: +/- 5%

Liberal: +/- 5.5%

Moderate: +/- 6.5%

Urban: +/- 9%

Suburban: +/- 6.5%

Rural: +/- 5%
