

# FOX NEWS POLL

*All results are for release after 6:00PM/ET Wednesday, October 7, 2020.*

## **Methodology**

Interviews were conducted October 3-6, 2020 among a random national sample of 1,107 registered voters (RV). Landline (239) and cellphone (868) telephone numbers were randomly selected for inclusion in the survey using a probability proportionate to size method, which means phone numbers for each state are proportional to the number of voters in each state.

Results based on the full sample have a margin of sampling error of  $\pm 3$  percentage points.

A subsample of 1,012 has been defined as likely voters (LV), with a margin of error of  $\pm 3$  percentage points.

The Fox News Poll is conducted under the joint direction of Beacon Research (D) (formerly known as Anderson Robbins Research) and Shaw & Company Research (R).

Fieldwork conducted by Braun Research, Inc. of Princeton, NJ.

Fox News Polls before 2011 were conducted by Opinion Dynamics Corporation.

*Results are of registered voters, unless otherwise noted.*

*An asterisk (\*) is used for percentages of less than one-half percent.*

*A dash (-) represents a value of zero.*

*Some percentages may not add to 100% due to rounding. In the same way, percentages in "total" columns may be one point more or less than the sum of their parts due to rounding.*

33. Supreme Court Justice Ruth Bader Ginsburg's recent death has sparked a debate over how to fill the vacancy on the nation's highest court. Taking into consideration that it is an election year, which of the following is closer to your view?

The president should not get to appoint someone to a lifetime position on the high court this close to the election. It is still the responsibility of current leaders, President Trump and the Senate, to take action to fill the vacancy now (Don't know)	Total	Men	Women	White	Black	Hispanic	Non-White	White Men	White women	Non-White Men	Non-White Women	Under Age 45	Age 45+	Under Age 35	Age 65+
