

# FOX NEWS POLL

*Questions 9, 28, 31 & 33 are for release after 6:00PM/ET Monday, April 26, 2021.*

*Questions 1-8, 10-27, 29-30, 32 & 34-48 were released 9:00 AM/ET Sunday, April 25, 2021.*

## **Methodology**

Interviews were conducted April 18-21, 2021 among a random national sample of 1,002 registered voters (RV). Landline (157) and cellphone (845) telephone numbers were randomly selected for inclusion in the survey using a probability proportionate to size method, which means phone numbers for each state are proportional to the number of voters in each state.

Results based on the full sample have a margin of sampling error of  $\pm 3$  percentage points.

The Fox News Poll is conducted under the joint direction of Beacon Research (D) (formerly known as Anderson Robbins Research) and Shaw & Company Research (R).

Fieldwork conducted by Braun Research, Inc. of Princeton, NJ.

Fox News Polls before 2011 were conducted by Opinion Dynamics Corporation.

*Results are of registered voters, unless otherwise noted.*

*An asterisk (\*) is used for percentages of less than one-half percent.*

*A dash (-) represents a value of zero.*

*Some percentages may not add to 100% due to rounding. In the same way, percentages in "total" columns may be one point more or less than the sum of their parts due to rounding.*
