One Hundred Seventeenth Congress

Select Committee to Investigate the January 6th Attack on the United States Capitol

October 21, 2022

President Donald J. Trump

Dear President Trump:

United States House of Representatives Resolution 503 instructs the Select Committee to Investigate the January 6th Attack on the United States Capitol (“Select Committee”) to investigate the facts, circumstances, and causes of the January 6th attack and issues relating to the peaceful transfer of power. Pursuant to that directive, we have interviewed more than a thousand witnesses, reviewed over a million documents, conducted public hearings, and vindicated our rights in court against those who have tried to keep relevant information from the Select Committee. As demonstrated in our hearings, we have assembled overwhelming evidence, including from dozens of your former appointees and staff, that you personally orchestrated and oversaw a multi-part effort to overturn the 2020 presidential election and to obstruct the peaceful transition of power.

This multi-part effort included, but was not limited to:

- Purposely and maliciously disseminating false allegations of fraud related to the 2020 presidential election in order to aid your effort to overturn the election and for purposes of soliciting contributions;
- Attempting to corrupt the Department of Justice, including by soliciting and enlisting Department officials to make false statements and aid your effort to overturn the presidential election;
- Without any evidentiary basis, illegally pressuring state officials and legislators to change the results of the election in their states;
- Orchestrating and overseeing an effort to obtain and transmit false electoral certificates to Congress and the National Archives;
- Despite knowing specifically that it was illegal, corruptly pressuring your own Vice President to unilaterally refuse to count electoral votes during Congress’s joint session on January 6th;

- Pressuring Members of Congress to object to valid slates of electors from several states;
- Filing false information, under oath, in federal court;
- Summoning tens of thousands of supporters to Washington and, knowing they were angry and some were armed, sending them to the Capitol;
- Sending a social media message to the nation at 2:24 p.m.—while knowing full well that the violent attack on the Capitol was occurring—in which you incited further violence by publicly condemning your Vice President; and
- Refusing for hours to disband your rioting supporters by instructing them to leave the Capitol, while you watched the attack unfold on television.

You took all of these actions despite the rulings of more than 60 courts rejecting your election fraud claims and other challenges to the legality of the 2020 presidential election, despite having specific and detailed information from the Justice Department and your senior campaign staff informing you that your election claims were false, and despite your obligation as President to ensure that the laws of our nation are faithfully executed. In short, you were at the center of the first and only effort by any U.S. President to overturn an election and obstruct the peaceful transition of power, ultimately culminating in a bloody attack on our own Capitol and on the Congress itself. The evidence demonstrates that you knew this activity was illegal and unconstitutional, and also knew that your assertions of fraud were false. But, to be clear, even if you now claim that you actually believed your own false election claims, that is not a defense; your subjective belief could not render this conduct justified, excusable, or legal.

Because of your central role in each element of these actions, the Select Committee unanimously directed the issuance of a subpoena seeking your testimony and relevant documents in your possession on these and related topics. This subpoena calls for testimony regarding your dealings with multiple individuals who have now themselves invoked their Fifth Amendment privilege against self-incrimination regarding their communications with you, including Roger Stone, Lt. Gen. Michael Flynn, U.S. Army (Retired), John Eastman, Jeffrey Clark, and Kelli Ward. These Fifth Amendment assertions—made by persons with whom you interacted—related directly to you and your conduct. They provide specific examples where your truthful testimony under oath will be important.

In addition, as is likely obvious from the topics identified in the bullets above, we are considering multiple legislative recommendations intended to provide further assurance that no future President could succeed at anything even remotely similar to the unlawful steps you took to overturn the election. Your testimony and documentary evidence would further inform the Select Committee's ongoing work.

We recognize that a subpoena to a former President is a significant and historic action. We do not take this action lightly. But as you likely know, you would not be the first former president to testify before Congress or to receive a congressional subpoena. Former Presidents John Quincy Adams, John Tyler, Theodore Roosevelt, William Howard Taft, Herbert Hoover, Harry Truman, and Gerald Ford each testified before Congress after they left office. President Roosevelt explained during his congressional testimony, “an ex-President is merely a citizen of the United States, like any other citizen, and it is his plain duty to try to help this committee or respond to its invitation.”¹ Even sitting Presidents, including Abraham Lincoln and Gerald Ford, also testified before Congress. Further, both former and sitting presidents including Presidents Nixon,² Tyler,³ and Quincy Adams,⁴ have provided evidence in response to congressional subpoenas.

This subpoena hereby orders the production of relevant documentary material as set forth on the attached schedule by November 4, 2022, followed by your participation in one or more days of deposition testimony, beginning on or about November 14, 2022, and continuing on subsequent days as necessary. The deposition will be under oath and will be led by the professional staff of the Select Committee—including multiple former federal prosecutors—as well as Members. As with all witnesses who are required to appear before the Select Committee, you may raise any relevant privilege objections to specific questions asked during your deposition. If, like other witnesses identified above, you intend to invoke your Fifth Amendment rights against self-incrimination for your testimony, please so inform the Select Committee promptly.

Likewise, for any document described in the schedule, you may make relevant objections in a privilege log, which shall be produced to the Select Committee by the subpoena return date. Any privilege assertions should be made with accompanying information sufficient to allow an informed assessment of the validity of the asserted privilege. We recognize that the Supreme Court has ruled that former Presidents retain the limited ability to assert executive privilege. But any such privilege is qualified, and, as the D.C. Circuit explained in the case involving a request for your official presidential records, the Select Committee has a “uniquely compelling need” for the requested information. *Trump v. Thompson*, 20 F.4th 10, 37 (D.C. Cir. 2021), *request for stay denied*, 142 S. Ct. 680, 680 (2022), *petition for certiorari denied*, 142 S. Ct. 130 (2022).

The attached schedule is narrowly focused on records in your custody and control that you are uniquely positioned to provide to the Select Committee in light of your central role in the multi-
