

## **AGREED STATEMENT**

### **FROM ALL PARTIES:**

Virginia Giuffre, David Boies and Alan Dershowitz have today dismissed with prejudice all pending litigation. The resolution of the litigation is accompanied by the following statements. The resolution does not involve the payment of any money by anyone or anything else.

### **FROM VIRGINIA GIUFFRE:**

I have long believed that I was trafficked by Jeffrey Epstein to Alan Dershowitz. However, I was very young at the time, it was a very stressful and traumatic environment, and Mr. Dershowitz has from the beginning consistently denied these allegations. I now recognize I may have made a mistake in identifying Mr. Dershowitz. This litigation has been very stressful and burdensome for me and my family, and we believe it is time to bring it to an end and move on with our lives.

### **FROM DAVID BOIES:**

I agree with Mr. Dershowitz and Ms. Giuffre that the time has come to end this litigation and move on. I know that Alan Dershowitz has suffered greatly from the allegation of sexual abuse made against him—an allegation that he has consistently, and vehemently, denied. I also know that this litigation has imposed, and continues to impose, a significant burden on Ms. Giuffre. I appreciate Mr. Dershowitz's recognition that I was not engaged in an extortion plot or in suborning perjury. I accept each of their statements in the spirit in which they are made, and I wish each of them well.

### **FROM ALAN DERSHOWITZ:**

As I have said from the beginning, I never had sex with Ms. Giuffre. I have nevertheless come to believe that at the time she accused me she believed what she said. Ms. Giuffre is to be commended for her courage in now stating publicly that she may have been mistaken about me. She has suffered much at the hands of Jeffrey Epstein, and I commend her work combatting the evil of sex trafficking. I also now believe that my allegations that David Boies engaged in an extortion plot and in suborning perjury were mistaken.
