April 9th, 1993

Greetings Mr. Kelly,

I received your letter and with regards to your request for interivew I will have to deny it.

Hwoever if you want to submit some questions in writing then I would be willing to answer them as long as they don't deal with my case.

In doing so whenever I talk with anyone I like to know who that is and some common facts about them enclosed is a bio sheet which you can fill out and return with a photo and then I will send the same bio in the way

I answered it and it will give you some background.

my policy is simple no photo, no answer with bio sheet in full.

Thanks for your time.

The correct way to address letters to me is on the envelope. You can drop the Mr Gacy as I am John or J.W. I am nobody important, just a man caught up in the justice system.

take care for now,

Regards

John
