

	Total Supplemental Funds (\$M)	Obligated or Being Executed (\$M)	Percent Obligated or Being Executed	Notes
Security Assistance	49,595	45,663	92%	
Department of Defense	43,930	40,078	91%	DOD received a total of \$26.6 billion in Ukraine-related supplemental appropriations in FY 2022, and \$35.7 billion for FY 2023, of which 70%, or \$43.9 billion, was two-year funding for USAI and the replenishment of DOD stocks. Approximately 80% of the Ukraine-related supplemental appropriations that DOD has received is multi-year funding as some activities have longer lead times than others.
Ukraine Security Assistance Initiative (USAI)	18,000	17,700	98%	DOD uses USAI funding to provide support to Ukraine over the long term as it enables multi-year investments to build the enduring strength of the Armed Forces of Ukraine. As of 7/19/23, DOD has committed \$17.7 billion of this multi-year funding, and expects to commit the remainder by the end of this fiscal year. In addition, DOD has fully committed the \$300 million in USAI funding provided through regular FY 2022 appropriations, not included in this total. DOD has not yet committed the \$300 million in USAI funding provided through regular FY 2023 appropriations, also not included in this total.
Stock Replenishment	25,930	22,378	86%	Replenishment funding enables DOD to replace DOD equipment provided to Ukraine via Presidential Drawdown Authority. DOD's usage of this two-year funding is directly tied to the usage of Presidential Drawdown Authority. As of 8/2/23, DOD has announced more than \$22.3 billion in replenishments, and expects to commit the remainder by the end of this fiscal year.
Department of State & USAID	5,665	5,585	99%	Includes \$4.73 billion in Foreign Military Financing (FMF), of which \$3,776 million has been obligated, \$784 million has been included in a spend plan but not obligated, and \$80 million has not been obligated or otherwise included in a spend plan. Also includes funding for INCLE and NADR, most of which has been obligated or otherwise included in a spend plan.
DOD Military, Intelligence, and Other Defense Support	18,380	14,248	78%	DOD received multi-year Procurement and Research, Development, Test and Evaluation funding in this category, and no-year funding to support the defense industrial base's efforts to increase capacity in response to the situation in Ukraine. These data are as of 7/13/23.
Economic Assistance	28,500	28,500	100%	
Department of State & USAID	28,000	28,000	100%	
Budget Support	22,900	22,900	100%	Of the Budget Support appropriated, \$13 billion has been obligated, with the remaining \$9.9 billion included in a spend plan.
Food Security	1,060	1,060	100%	\$760 million of food security funding included in the second supplemental has been obligated, while the \$300 million of food security appropriated in the fourth supplemental is included in a spend plan.
Other Economic Assistance	4,040	4,040	100%	Includes \$1.4 billion that has been obligated, with the remaining funding included in a spend plan.
Department of Treasury	500	500	100%	Support for the European Bank for Reconstruction and Development (EBRD), which has been fully obligated.
Humanitarian Support	13,218	11,711	89%	
Department of State & USAID	9,668	9,013	93%	Includes funding for International Disaster Assistance and Migration and Refugee Assistance. Fourth supp levels reflect technical base shifts.
Department of Agriculture	100	100	100%	Support for Food for Peace Title II grants.
Health and Human Services	3,300	2,448	74%	Support, including time-limited cash and medical assistance and other resettlement support services, for Ukrainians arriving in the United States through the Uniting for Ukraine program.
Department of Treasury	150	150	100%	Support for the Global Agriculture and Food Security Program (GAFSP), which has been fully obligated.
Other	1,274	1,076	85%	
Department of State & USAID	739	663	90%	Includes funding for IGs, Transition Initiatives, Diplomatic Programs, Operating Expenses, and other activities.
Department of Energy, Nuclear Regulatory Commission & NNSA	193	154	80%	Includes \$30 million for Department of Energy, of which \$27 million has been executed; \$2 million for the Nuclear Regulatory Commission, of which \$480,000 has been executed; and \$161 million for the National Nuclear Security Administration, of which \$140 million has been obligated as of June 30, with the remainder planned for obligation by the end of FY 2023.
Department of Commerce	22	12	55%	Support for the Bureau of Industry and Security.
Department of Justice	126	55	44%	As of June 2023 reporting. Remaining funds will only be executed based on the need to maintain forfeited assests.
Health and Human Services	54	54	100%	
Department of Treasury	113	113	100%	
USAGM	25	25	100%	
Other Accounts	2	0	20%	Includes \$1 million for the Executive Office of the President and \$575,000 for the Intelligence Community Management Account (ICMA).
Total	110,967	101,198	91%	
Authority not included in the above:				
Unexpired Section 506 Presidential Drawdown Authority (PDA)**	23,225	23,225	100%	\$2.3 billion in FY 2022 Section 506 PDA is not included in the total since it was not used in FY 2022 and thus expired.

*Note: The Obligated or Being Executed total includes funds that have approved spend plans as well as funds that have been publicly announced or obligated.

** The PDA total shown in the *Obligated or Being Executed* column does not reflect DOD's recent PDA revaluations, which identified \$6.2 billion in "freed-up" authority.

***Table does not include supplemental funding appropriated for the Government Accountability Office
