The Honorable Donald J. Trump
45th President of the United States of America
Mar-a-Lago
1100 South Ocean Blvd
Palm Beach, FL 33480

Dear Mr. President:

In 2020, the Florida PBA proudly endorsed your re-election for president of the United States. Back then, America stood at a critical crossroad. Americans could choose to keep moving on the path of economic progress, while also investing in public safety, or to go backwards.

Your administration successfully stood steadfast against the rising tide of the "defund the police" movement and other reckless attempts to reform policing, which would have compromised public safety throughout every community in this great nation. You insisted that the men and women of law enforcement and corrections be treated with the utmost respect. Your "Law and Order" agenda defended the citizens of our country amid the vicious attacks against the law enforcement community by radical elements of our society. Your administration also made America's border security a national priority.

It's no secret that over the past four years, under the current administration, America has regressed. Law enforcement officers are leaving their jobs in record numbers throughout this country, crime is rising in our major cities, and over 8 million migrants have entered this country, putting a heavy and untenable strain on the ability of local municipalities to effectively maintain public safety and provide essential services to the citizens of this country.

This November, America is once again at a critical juncture. The choice we make in electing the next president of the United States will have a lasting impact on our nation for generations to come. And for us, the choice is crystal clear. On behalf of the 30,000 members of Florida's largest law enforcement union, the Florida PBA is proud to once again endorse you for president of the United States.

www.flpba.org

We know that you will protect law enforcement officers from the threat of the “defund the police” movement, the attempts by some in Congress, to eliminate qualified immunity, and the growing disrespect against those who wear the badge. We also know that you will confront the border crisis head on because the safety and prosperity of our local communities depends on maintaining secure borders.

Now more than ever, we need the strength of your leadership, and we need the policies of your first administration to keep this country secure. We have your back, and we know you have ours.

Moving forward, we will ask all of our 30,000 members, their friends and family, and all Floridians, who love and respect law enforcement, to cast their ballots in support of President Donald J. Trump.

Together, we'll make America great again.

Respectfully,

John “Kaz” Kazanjian
President
