Questions 1-12, 15-33, 35-42, and 49-60 are for release after 6:00 PM/ET Wed., May 15, 2024.
Questions 13-14, 34, and 46-48 are for release after 6:00 PM/ET Thurs., May 16, 2024.
All others are held for future release.

Methodology

Conducted May 10-13, 2024 under the joint direction of Beacon Research (D) and Shaw & Company Research (R), this Fox News Poll includes interviews with a sample of 1,126 registered voters (RV) nationwide who were randomly selected from a national voter file. Respondents spoke with live interviewers on landlines (133) and cellphones (700) or completed the survey online by following a link received via text message (293).

Results based on the full sample have a margin of sampling error of ± 3 percentage points.

Telephone numbers were randomly selected from a nationwide voter file of registered voters using a probability proportionate to size method, which means phone numbers are proportionally representative to the number of voters in all regions across the state.

Telephone fieldwork conducted by Braun Research, Inc. of Princeton, NJ.

When necessary, weights are generally applied to age, race, education, and area variables to ensure the demographics of respondents are representative of the registered voter population.

Results are of registered voters, unless otherwise noted.

Surveys before January 2024 were telephone only. Web-based survey question wording may differ slightly from telephone wording for improved clarity.

An asterisk (*) is used for percentages of less than one-half percent. A dash (-) represents a value of zero.

Some percentages may not add to 100% due to rounding. In the same way, percentages in "total" columns may be one point more or less than the sum of their parts due to rounding.
