

Dear Friends,

I write to you today with immense gratitude and a sense of shared accomplishment. As you all know, thanks in part to your unwavering support and generosity I'm seeking the support of my colleagues to hopefully lead the Senate Republican *majority* next year. As I consider the unique responsibilities of the Leader to ensure campaign coffers, the National Republican Senatorial Committee (NRSC), and outside organizations like the Senate Leadership Fund (SLF) have the necessary resources to compete and win, I am proud to announce together we have achieved an extraordinary milestone: **you have helped me raise over \$400 million hard dollars since 2002 to help advance conservative principles and policies in the U.S. Senate — \$406,874,101, to be exact.**

- This includes \$500,000 each for 33 Senators and candidates, and over \$1 million each for 4 Senators. We've also regularly been one of the top fundraisers for the National Republican Senatorial Committee (NRSC), which I was proud to lead for two election cycles in which Senate Republicans netted five additional Senate seats. **Of the over \$406,000,000, nearly \$325,000,000 has gone directly to Senate Republican colleagues and candidates, leadership PACs, and the NRSC** with the rest bolstering my reelection efforts.

Your support has helped me raise over \$26 million this election cycle alone, including nearly \$11.8 million for the NRSC, which is particularly important as Republicans work to win back the Senate majority in November.

While I am deeply grateful for all the support, I take particular pride in your embrace of my vision to channel valuable 'hard' dollars directly into campaigns. This approach empowers my colleagues and our candidates to allocate funds as they deem most effective. My experience as Chairman of the NRSC taught me that the most impactful campaign dollar is one raised directly into a candidate's account. Building on this principle, I established the groundbreaking Cornyn Victory Committee (CVC) in 2021, a joint fundraising initiative that includes all my colleagues seeking reelection and top candidates nationwide. In just the last two cycles, 36 colleagues and candidates have received an average transfer of over \$435,000 each cycle. This innovative structure, complementing my ongoing fundraising efforts for colleagues, represents a significant advancement in our ability to compete and win. Your support of this strategy has been instrumental in revolutionizing our approach to campaign finance and effectiveness.

Raising over \$406 million is a remarkable figure and a testament to your dedication to our shared values and vision for America. Because of you, we've been able to fight for conservative principles in every corner of this great country, from the heartland to the coasts. Your support has

allowed us to fight for lower taxes, more responsible government spending, strong national security, and the individual liberties we hold so dear.

As we approach the November elections, the stakes could not be higher. We stand at a critical juncture in our nation's history, and your continued support is more vital than ever as we work tirelessly to regain a Republican majority in the Senate.

With a Senate Republican majority, and especially with President Trump back in the White House, we can address critical priorities, including:

- Stopping a massive tax increase on the American people and rebuilding the economic prosperity created by President Trump in his first term.
- Unleashing American energy by increasing domestic energy production, streamlining permitting, and reversing the harmful restrictions on American oil, natural gas, and coal put in place by the Biden-Harris Administration.
- Restoring legislative authority and reforming regulatory overreach, which has imposed harmful, burdensome regulations on the American economy.
- Reforming fiscal policies that will rein in wasteful government spending and force Washington to adhere to a budget just like every American family does.
- Confirming federal judges who respect the Constitution, including the Second Amendment, while rejecting efforts by the left to eliminate the legislative filibuster in the Senate.
- Securing our border and stopping the flow of fentanyl and other illegal drugs that are flooding our communities.
- Standing up to the radical left's agenda that seeks to fundamentally transform our country.

Winning this November will not be easy. Our opponents are well-funded and determined. But with your continued support, we can overcome any challenge and secure a brighter future for our children and grandchildren.

Your dedication to our cause has been nothing short of inspiring over these many years. Every phone call, every door knock, and every contribution—large or small—has brought us closer to our goals. You are the backbone of our movement, and I am profoundly grateful for your trust and support.

As we gear up for the critical final weeks ahead of the November election, I ask you to stand with me once again. Together, we can restore conservative leadership to the Senate and put our nation back on the right track.

Thank you for your patriotism, commitment, and friendship. May God bless you, and may He continue to bless the United States of America.

Sincerely,

John Cornyn
United States Senator
