

# 9/11 JUSTICE

Dear President Donald Trump:

9/11 Justice, an organization representing victims of the September 11, 2001 terrorist attacks, has proposed a pledge that we believe is essential to our nation's integrity and the memory of those we lost.

The pledge, with over 3,000 signatories, asks that you commit to not endorse any normalization deal involving Saudi Arabia unless it fully addresses the role of the Saudi Arabian government in the 9/11 attacks.

With the 23rd anniversary approaching, a time that marks the loss of 2,977 of our family members and loved ones, we hope you will take this opportunity to join with us in our quest for justice and accountability.

We would also like to extend an invitation for you to meet with family members of 9/11 victims on September 11th at the World Trade Center site in New York City, following the conclusion of the ceremonies. As reported today by [\*The New York Times\*](#), both of you are considering visits to the site, and we believe this would be a meaningful opportunity for you to hear directly from those most affected by this tragedy and understand why this pledge is so important to us all.

We look forward to your response and hope to engage in meaningful dialogue on this crucial issue.

Sincerely,

Brett Eagleson  
President 9/11 Justice
