Conducted October 11-14, 2024 under the joint direction of Beacon Research (D) and Shaw & Company Research (R), this Fox News national poll includes interviews among 1,110 registered voters who were randomly selected from a national voter file and spoke with live interviewers on landlines and cellphones, or completed the survey online after receiving an invitation by text message. A subsample of 870 has been defined as likely voters (LV), with a margin of error of ± 3 percentage points. Sampling error associated with subgroup results is higher.
