

*Questions 15-16 & 18 are for release after 6PM/ET Fri., April 25, 2025.*

*Questions 37-40 & 48-53 were for release after 6PM/ET Thurs., April 24, 2025.*

*Questions 1-14, 17, 19-36, 41-47, & 54-56 were for release after 6PM/ET Wed., April 23, 2025.*

### **Methodology**

Conducted April 18-21, 2025 under the joint direction of Beacon Research (D) and Shaw & Company Research (R), this Fox News Poll includes interviews with a sample of 1,104 registered voters (RV) nationwide who were randomly selected from a national voter file. Respondents spoke with live interviewers on landlines (127) and cellphones (703) or completed the survey online by following a link received via text message (274).

Telephone numbers were randomly selected from a nationwide voter file of registered voters using a probability proportionate to size method, which means phone numbers are proportionally representative to the number of voters in all regions across the state.

Telephone fieldwork conducted by Braun Research, Inc. of Princeton, NJ.

Results based on the full sample have a margin of sampling error of  $\pm 3$  percentage points. Sampling error associated with subgroup results is higher. In addition to sampling error, question wording and order can influence results.

When necessary, weights are generally applied to age, race, education, and area variables to ensure the demographics of survey respondents are representative of the registered voter population.

Sources for developing weight targets include the American Community Survey, Fox News Voter Analysis, and voter file data.

Results are of registered voters, unless otherwise noted.

Surveys before January 2024 were telephone only. Web-based survey question wording may differ slightly from telephone wording for improved clarity.

*An asterisk (\*) is used for percentages of less than one-half percent. A dash (-) represents a value of zero.*

*Some percentages may not add to 100% due to rounding. In the same way, percentages in "total" columns may be one point more or less than the sum of their parts due to rounding.*

1. Do you approve or disapprove of the job Donald Trump is doing as president? [IF APPROVE / DISAPPROVE: Is that strongly (approve/disapprove), or only somewhat?]
