On 6/28/1997, the dismembered torso of an unknown female was discovered inside a Rubbermaid container, with a red towel and a floral pillowcase, in a wooded area of Hempstead Lake State Park, Lakeview, NY. The date of death was estimated to be approximately three days before discovery. Both arms, head, and legs below the knee were severed and not recovered until 2011 in Jones Beach State Park. On 12/13/2016, DNA analysis found that an unidentified toddler recovered on Gilgo Beach was believed to be the child of this victim.
