

South Carolina Freedom Caucus Statement on the Arrest of RJ
May

The South Carolina Freedom Caucus stands firmly for the rule of law and the protection of children. Representative RJ May has been expelled from our caucus. He has not been involved in the operations of the caucus since August of 2024. We call for his immediate resignation from the House.

Although formal charges have not been made public yet, all indications are that these indictments will be for child sex abuse materials. These crimes are heinous and we expect that they will be fully investigated.

We pray justice is served.

Rep. Jordan Pace
Chairman, SCFC
