training SCHMIDLIN indicated he received in the Army included Aviation Hydraulic Mechanics, Radio Operation, and Demolition training. SCHMIDLIN's file indicated he was in excellent shape and engaged in daily callesthenics. His file further indicated he currently participates in sports parachuting and that he currently belongs to the U. S. Parachute Association, and holds license number C2485.

Captain [] was unable to eliminate SCHMIDLIN as a suspect in captioned violation through his employment with the Police Department, since Department records indicate he was off duty from 7:00 A. M. on November 23, 1971 until 11:00 A. M. on November 26, 1971.

[] furnished the following description of SCHMIDLIN:

Sex	Male
Height	6' 1"-2"
Weight	173 pounds
Build	Slender
Eyes	Brown,
Hair	Gray, short, slightly longer than crew cut
Marital Status	Divorced 1970

[] stated he believed SCHMIDLIN to have been in somewhat of a financial bind during the course of his 1970 divorce, but [] did not believe this to have been any severe financial crisis for SCHMIDLIN. [] considered SCHMIDLIN to be a fine officer, and noted that no problems regarding SCHMIDLIN had come to his attention. [] stated he would have no reason at all to suspect SCHMIDLIN of anything at all dishonest. [] furnished several copies of Subject's city employee photograph. He inked in a mustache to show SCHMIDLIN's present appearance. [] could not recall how long SCHMIDLIN had worn the mustache, but believed he first observed same during the latter part of 1971.

Discreet inquiries, during June 1972, with Sergeant [redacted] and other members of [redacted] Richmond Police Department, failed to develop any indication of anything unusual in SCHMIDLIN's personality, routine, or activities, which might suggest him as a suspect in captioned matter.

b6
b7C

On June 21, 1972, [redacted] Richmond Credit Bureau, furnished the following information regarding SCHMIDLIN:

He had been in file since September 1969, the last inquiry having been made in January 1972, when SCHMIDLIN applied for an American Express Credit Card. SCHMIDLIN's address and employment were the same indicated above. His Social Security Account Number was shown as 048-26-2331. SCHMIDLIN claimed to have been divorced from [redacted] since August 1970. A loan account in the initial amount of \$400.00 was shown for him with the Richmond Employees Credit Union, since March 1970. Payments have been made on the loan with payroll deductions in the amount of \$36.00 a month since that date.

b6
b7C

SCHMIDLIN was shown to maintain two savings accounts, both at the Mechanic's Bank, Mira Vista Branch, Richmond. One account was listed as a "low 2" (\$10.00 - \$50.00) and the second account as a "high 1" (\$9.00 or less).

All payments were shown to be as agreed or better. There was no derogatory information regarding SCHMIDLIN in the file.

RAYMOND SIDNEY RUSSELL also known as R. SID RUSSELL, was interviewed at his summer residence at Whitney Pond, Oxford, Maine. He was advised of the personal and official identities of the interviewing Agents. He was advised of the nature of the investigation being conducted. He was advised of his rights by Special Agent WILLIAM F. CRATE, JR. and waived them as shown on an executed Warning and Waiver Form. Thereafter, he furnished the following information:

He was advised that his name had come up regarding the hijacking of the Northwest Airlines jet in Washington State in November of 1971. He furnished the following information regarding his background and his activities so as to provide an alibi for his not being involved or a suspect in that hijack. He stated that he returned to Maine with his mother in the summer of 1971 and has not been back to the west coast since that time. Prior to his departure from the west coast he was working for the Yosemite Highlands Real Estate Development in Groveland, California, and his mother had stayed with him while he was there. He stated his previous airline and flying background included being an inspector in the final assembly section of Boeing aircraft in 1947 and 1948 and that he used to fly with the Flying Tiger Airlines out of Seattle, Washington until he quit in February, 1963. He also worked as an air traffic controller in Seattle, Washington for the Federal Aviation Administration and in this regard stated that his thoughts regarding the skyjacking was that there was a fan marker which gives out a light and audio signal which is 75 megacycles located near Woodburn, Washington and he speculated that the person who did this skyjacking could have used this fan marker as a point to parachute out of the hijacked aircraft. He added that he has never been in a Boeing 727 and has never had anything to do with that type aircraft. He denied ever being involved in the skyjacking.

He added that on Thanksgiving eve of 1971 he drove

[redacted] One of these two buddies either [redacted]

[redacted] a service station in Illion, New York, and WORDEN also had worked in a service station prior to entering the service.

WORDEN told [redacted] that the money from the safe burglary was buried; however, he did not indicate where, but presumably some place near Illion, New York.

WORDEN also told [redacted] that he and his two buddies stole many motors from Cadillacs on the street and had the system worked out to where they could remove a motor in from three to five minutes. At times they would sit back and watch the owner attempt to start his car. Many of the motors were not sold, but dumped some place just as a prank.

[redacted] stated he first mentioned the hijacking to WORDEN after WORDEN asked [redacted] to give him a problem to figure out.

They then discussed the hijacking plan that [redacted] had thought of earlier and whether or not it would work. Their original plan was to obtain a flight that would have very few people on it. Also gas would be used to knock out the passengers and crew with one or more of the hijackers capable of taking over the controls of the airplane. [redacted] suggested the northwestern United States, pointing out there were numerous open places where a jump could be made with no problems. Their jump would be made at night from a height of 10,000 feet. Further, they talked of asking for a \$200,000.00 ransom; however, they never discussed how it would be gotten aboard the aircraft, such as landing at an auxiliary field after radioing ahead. They discussed furnishing their own parachutes instead of having them provided with the ransom. The plan also called for the jump to be made without the crew of the aircraft knowing when it took place. An accomplice on the ground with a vehicle was discussed as part of the plan. No other aircraft was mentioned in their plan. The four people involved as participants of the hijacking the better.

[redacted] said no cities in the northwest were mentioned and no specific landing area was selected. Also, they never

discussed any particular airline as their victim. He estimated they discussed the hijacking about four different times of periods of thirty minutes or less.

One of their problems was to determine in advance that a plane on a particular flight would not have very many people on board. Further, after additional consideration they realized that the only jet aircraft in use at that time had side doors and a jump from a side door would be too dangerous. In view of this, they "bagged" the idea and did not feel it could be carried out safely.

[] said that WORDEN was the only person he has ever discussed the hijacking plan with and never with any of his other military buddies.

b6
b7C
b7D

[] insisted that this is as far as he went with this plan; however, he feels WORDEN has the nerve and is shrewd enough to plan and carry out a hijacking. Definitely WORDEN had not told [] he intended to carry through on the plan; however, he could have decided after the 727 came into existence.

He said he wrote the letter about solving hijacking as he thought he had a plan which he was going to patented but read just recently where it was discussed in a national magazine. He said this was the use of some sort of a gas that would leave people conscious but immobile and the Army has tested it.

He was thanked for the information. He said he was in the army for 8 yrs., was born in Trinidad, Colorado 9/11/35. He appears to be about 5'11"m is chunky and has a mustache. He resides at N. 5910 Douglas Drive.

I have thought of a idea that may work in the prevention of aircraft hijacking. It came to me while reading and noting that our government and aircraft builders have not come up with a real solution to the problem. The cost at this time to find a way to stop hijacking is tremendous. Plus the possible loss of life & aircraft. This are my conditions to expose my idea \$150,000 tax free if it is tested and works. I was in the Air Force for eight years. Also I worked for Boeing Aircraft for two years as a Quality Control inspector of aircraft. Knowing the Air Craft systems makes me believe that it will work.

He stated that he does not know anyone whose initials are D. B., he does not know anyone named COOPER, and was in general unable to furnish any information at all relative to this investigation.

was asked whether he had ever discussed possible solutions to instant case. He stated that he read about instant hijacking in newspaper and knows absolutely nothing whatsoever about it except what has been published in the daily newspapers. He said, however, that he guessed he has discussed the possible solutions just like anyone else, but that any discussion he ever had relative to this case for the solution of this case was merely speculation.

He said he has no recollection of having discussed this case at the Red Rooster Tavern in Auburn, Washington, on 8/3/72, but it is altogether possible that he might have done so.

He again stated, however, that if he did discuss this case at that Tavern or any other Tavern he was merely talking and speculating and doing so without any facts whatsoever.

RE: PORTLAND SKY DIVING CLUB
SUB 514

Re Seattle airtel to Portland, 9/18/73.

During June, 1972, in connection with investigation of instant case, it was determined that the Portland Sky Diving Club had disbanded and was no longer in existence. During 1973, it was determined that the former clubhouse, near Donald, Oregon, remains abandoned and unoccupied.

For further information, immediate contact was established between Agents of the Portland Division and officers of the Portland Sky Diving Club at the time of the initial investigation in this matter. They have been cooperative since the inception, in identifying and assisting in elimination of numerous suspects. During its existence, the club utilized old, worn-out aircraft, and financial inability to maintain and replace them when damaged was a major factor contributing to the demise of the club.

In view of the above, it is apparent the information furnished by is erroneous.

Re memo SA [redacted] 10/6/72.

On October 11, 1972, a surveillance was made of pay phone booths near the junction of Fredrickson Road and Lewis River Road. As a result of this surveillance, it was noted that two pay phones were located on the Lewis River Road near this junction.

A pay phone number 225-9666, located at the Airel Store approximately two and one-half miles east of the junction on Lewis River Road, was one of the two phones, and the other phone was located at Casey's Grocery Store three miles west of the junction, its number 225-9746.

On October 17, 1972, [redacted] General Telephone Company, advised that pay phone booth number 225-9746 was a new phone recently installed and was not installed on November 24, 1971. [redacted] further advised after checking his records that there was one long-distance phone call made from pay phone 225-9666 located at the Airel Store. On 10/17/72, records were reviewed at SLOSO by SA and they reflect that DANIEL EARL COOPER, SR., has an arrest record dating back to 1964, for arrests including intoxication, assault and battery, and drunk driving. He is described as a white, male, born 11/12/20, at Monterey, California, 5'10", 173, dark brown hair and brown eyes. His FBI number is 725 192 G. His

Discreet inquiry at SLOSO reflected DANIEL EARL COOPER, SR., is a long-time resident of the San Luis Obispo County area. He does not have a good reputation with the SLOSO in view of his past record of arrest and prior contact. No information was obtained regarding the ability of COOPER in the use of parachutes or the brand of cigarettes that he smokes. In addition, no information was obtained as to his whereabouts during pertinent period in this matter.

Discreet check to determine his whereabouts during the pertinent period in this matter will not be possible since COOPER, SR., is "his own boss" as manager of a first class deluxe lodge and due to the length of time since the occurrence of instant matter.

Records of the Credit Bureau of San Luis Obispo reflect COOPER, SR., entered in bankruptcy proceedings in June 1969; location and court not known. Records contain no other pertinent financial information.

Los Angeles indices contain no record identifiable with DANIEL EARL COOPER [REDACTED]

b6
b7c

Seattle may wish to display enclosed photographs to witnesses, prior to any contact of COOPER or close associates.

Los Angeles will not contact COOPER, SR., to determine his whereabouts during pertinent period unless specifically advised to do so by Seattle.

Dear Sirs;

Has the hijacker, Dan Cooper, who dropped from the airplane into the wilderness of Oregon ever been captured? If not, have you checked out the fingerprints of the Dan Cooper who works as a manager for the Cambria Pines Lodge, Cambria, Calif.?

The fact is, he was in the wilds of Oregon on a hunting trip at the time of the hijacking. He returned to his job a few days later. He did bring back a deer; but that would not be impossible, would it? He has been familiar with the area he hunted for many years. He also rides a motorcycle very well.

RE: SUB 510

On December 20, 1972, [redacted] Jefferson County Sheriff's Office, was contacted and advised that the [redacted] [redacted] Halfway House, Bremerton, Washington, had observed a composite of the subject and thought that an individual driving a U.S. Fisheries vehicle resembled the subject.

He stated that he was not certain of their resemblance as from description they had indicated to him that the individual appeared to be oriental.

On January 19, 1973, [redacted] Halfway House, Bremerton, Washington, advised that neither of the two individuals, [redacted], continued to work at the Halfway House although both still resided in the area. Attempts to contact [redacted] were negative this date.

b6
b7C
b7D

On February 28, 1973, [redacted] advised that the current color composite of the subject looks nothing like the individual in question and that the individual that they were thinking of was definitely of oriental decent.

On March 20, 1973, [redacted] advised that the new composite photograph completely changes their idea of the individual in question as he was definitely of oriental decent.

A file review of this matter indicates [redacted] was inadvertently marked eliminated when investigation completed.

b6

The [redacted] were originally suspects in this matter because one of the two of them resembled the artists composite of D. B. COOPER. On September 21, 1972, at 1:08 p.m. [redacted]
Northwest Airlines [redacted]
[redacted] advised that he had just received a call from a
man who asked about the amount of reward money offered in
connection with the ransom payment in the D.B. COOPER case.

[redacted] said he told the caller that he would
check into it and the man was to call him back within 15
minutes.

At 3 p.m. on September 21, 1972, an unidentified
male telephonically called the Seattle Office and spoke
with SA CHARLES E. FARRELL. The caller said he had been in
touch with Northwest Airlines concerning the reward offered
in connection with D.B. COOPER and had been referred to the
FBI, specifically, SA CHARLES E. FARRELL.

The caller said he has been considering for the
past several months, contacting the FBI concerning a suspect
in the D.B. COOPER case. The caller said he saw the sketch
of the artist's conception in the newspaper several months
ago, which he has cut out and feels that the sketch is
identical to RAY SEARCY.

The caller said that SEARCY, at one time, worked
at Boeing, quitting there in perhaps 1968 or 1969 to move to
Alaska in connection with the discovery of oil. He said *Sub 506*
SEARCY worked in electronics, management level, and perhaps
SEARCH worked on the Boeing 727.

He advised that SEARCY currently resides at 16612

Renton Airport, which is in the flying business.

In order to be identified as the person who furnished the above information, in the event that SEARCH does turn out to be identical with UNSUB in this case, the caller furnished the following personal information about himself, which can be used later to identify him.

The unknown caller is a white male, born 5/10/21, SSAN 155-10-8184, U.S. Coast Guard Service Number 5191. His mother's maiden name is a LOUISE MARTINI.

Enclosed for Seattle is original and one copy each of FD-302s reflecting two separate interviews at Livermore, California.

San Francisco Division is not setting forth leads with this communication based on review of Seattle indices to determine if "SID" RUSSELL has been eliminated as possible subject in this matter.

If RUSSELL is considered possible suspect, Evergreen Flying Service out of Boeing Field, Seattle, may have most current employment records on RUSSELL to further identify him for location and interview. Evergreen is last known employer of RUSSELL prior to his disappearance on or about the time of the D. B. COOPER investigation.

[redacted] was interviewed at the residence of [redacted], telephone number [redacted]. [redacted] advised he resides at [redacted] California and has telephone number [redacted], after being advised of the official identities of the interviewing Agents, stated that he is employed as an air traffic controller for the Federal Aviation Administration (FAA) at 5125 Central Avenue, Fremont, California, telephone work number 797-3200.

b6
b7C

[redacted] advised that recently, while working, the name "SID" RUSSELL came up as a possible suspect in the D. B. COOPER case. [redacted] related the following events.

During May through November, 1959, he resided at Seattle attending air traffic controller school held near the Seattle Airport. During this time he roomed with another individual by the name of "SID" RUSSELL. RUSSELL was also an air traffic controller and also held a pilot's license. RUSSELL was very interested in getting back to a flying job. RUSSELL heard indirectly from another individual that Johnson Flying Service now known as Evergreen, was hiring pilots to fly DC-3s. Evergreen, formerly located at Missoula, Montana, now located at Boeing Field in Seattle, hired RUSSELL after checking him out on a DC-3 in November of 1959. [redacted] advised this was the last time that he saw RUSSELL.

Just prior to RUSSELL leaving FAA, a girl friend shows up at the apartment who [redacted] can only recall by the first name of [redacted] and described her as follows:

Sex	Female
Age	Then approximately 28
Height	5'6"
Hair	Dark
Build	Medium, outstanding figure
Complexion	Olive

[redacted] understood [redacted] to be from Kanab, Utah. RUSSELL apparently had met her while he was prospecting in

When RUSSELL left he gave [] the keys to his 1951 Ford, requesting [] in turn give them to [] which he did. [] understood that [] later found him at Missoula, Montana.

b6

[] advised that approximately one month ago, while working as an air traffic controller, he was corresponding with Flight 137 for Evergreen. [] curious to know if the captain knew "SID" RUSSELL, acknowledged that he had been flying for Evergreen for approximately 25 years and did know RUSSELL. The pilot continued that RUSSELL dropped out of sight at the same period that the D. B. COOPER hijacking took place. There was conversation among the employees that RUSSELL may have been D. B. COOPER. [] understood from the pilot, whose name he did not obtain, that no one has heard from RUSSELL since his disappearance.

Approximately three weeks ago [] had the occasion to speak to the same pilot again who was flying for Evergreen on an Electra out of Redding, California, to Burbank, California. No further conversation was held regarding RUSSELL.

Hair	Black
Eyes	Black and described as beady
Nose	Broad
Complexion	Dark
Nationality	Appeared to be American Indian

[redacted] was shown a copy of a composite of D. B. COOPER. After examining the composite for a few minutes, he stated that he could neither identify nor eliminate RUSSELL as being D. B. COOPER. He stated that RUSSELL's ears stuck out more and his nose was bigger, but the lips and eyes resemble RUSSELL.

b6

[redacted] was unable to furnish any information regarding the current whereabouts of RUSSELL, but stated possibly [redacted], who [redacted] at the Seattle center of SEATAC may have additional information regarding RUSSELL. RAYMOND SIDNEY RUSSELL also known as R. SID RUSSELL, was interviewed at his summer residence at Whitney Pond, Oxford, Maine. He was advised of the personal and official identities of the interviewing Agents. He was advised of the nature of the investigation being conducted. He was advised of his rights by Special Agent WILLIAM F. CRATE, JR. and waived them as shown on an executed Warning and Waiver Form. Thereafter, he furnished the following information:

He was advised that his name had come up regarding the hijacking of the Northwest Airlines jet in Washington State in November of 1971. He furnished the following information regarding his background and his activities so as to provide an alibi for his not being involved or a suspect in that hijack. He stated that he returned to Maine with his mother in the summer of 1971 and has not been back to the west coast since that time. Prior to his departure from the west coast he was working for the Yosemite Highlands Real Estate Development in Groveland, California, and his mother had stayed with him while he was there. He stated his previous airline and flying background included being an inspector in the final assembly section of Boeing aircraft in 1947 and 1948 and that he used to fly with the Flying Tiger Airlines out of Seattle, Washington until he quit in February, 1963. He also worked as an air traffic controller in Seattle, Washington for the Federal Aviation Administration and in this regard stated that his thoughts regarding the skyjacking was that there was a fan marker which gives out a light and audio signal which is 75 megacycles located near Woodburn, Washington and he speculated that the person who did this skyjacking could have used this fan marker as a point to parachute out of the hijacked aircraft. He added that he has never been in a Boeing 727 and has never had anything to do with that type aircraft. He denied ever being involved in the skyjacking.

He added that on Thanksgiving eve of 1971 he drove *Sub 501*

RE: SOURCE [REDACTED]
UNSUB; PARACHUTE ON ELK MOUNTAIN
THAT CAN BE SEEN FROM THE AIR

On August 24, 1972, SA RALPH HIMMELSBACK, Portland Division, telephonically advised his office received a letter in the mail from [REDACTED] in Warrenton, Oregon, which reads as follows:

"Date, August 21, 1972. Re D. B. COOPER. Look on Elk Mountain, directly east of Kelso. The parachute can be seen from the air. Believed he is or has been in a tree. Look high. Signed [REDACTED] Warrenton, Oregon."

b6
b7c

HIMMELSBACK stated a Portland Agent would contact [REDACTED] to determine his reliability and in addition, whether this information is of such a value to warrant further investigation. HIMMELSBACK further advised that if it appears [REDACTED] is a reliable source, the exact location of the parachute, as well as where [REDACTED] was when he saw the parachute, would be determined; and this information would be forwarded telephonically to SA THOMAS J. MANNING in the Longview Resident Agency. HIMMELSBACK stated if the information was of no value, he would report this fact to Seattle Division by appropriate communication.

On August 24, 1972, the above information was made available to SA THOMAS J. MANNING, and he advised that if it would be necessary to charter an aircraft in order to locate instant parachute, he has a contact that he has used in the past that would be available for low-flying aerial searches as would be required in this instance.

ARMED AND DANGEROUS.

Result of examination:

It was concluded that Q52 through Q54 were prepared by the writer of Q49 through Q51, submitted by Los Angeles with a communication dated 9/25/72.

It could not be determined whether the writer of Q49 through Q54 was involved in the preparation of the other specimens received in this case, because of a lack of comparable writing and distortion in portions of the material received in this matter.

No watermarks, indented writing, or other features were found on Q52 through Q54 which would be of value in determining the source of these specimens.

The submitted evidence was photographed and will be returned separately.

HE LOST HIS WIFE AND DAUGHTER. I COULD SENSE A

Re Suspect KENNETH ROBERT ANDERSON.

Re Lanitel to Phoenix, 11/1/72.

On 11/3/72, JESSIE CUMBERLAND, 4646 North 39th Avenue, telephone 934-1950, Phoenix, Arizona, advised she had in fact, recently telephonically contacted a Western Airlines Reservations Agent regarding captioned matter. Mrs. CUMBERLAND advised it was her belief, referenced suspect should be considered as a possible suspect in this matter, in view of the fact he had a "hang up" about money during her relationship with him.

She advised she has not seen ANDERSON since 1943, but believes he could be similar in appearance to the artists conception of the unknown subject. She further advised ANDERSON had been born in Spokane, Washington, and had subsequently moved to the Seattle area. When she last had contact with ANDERSON, he was a captain in the U. S. Army.

It should be noted that during the conversation with Mrs. CUMBERLAND, she stated she had been involved in a major traffic accident back east and in fact, had been "reborn" while on the operating table undergoing major brain surgery.

SIGALA was contacted shortly after 5:00 p. m. at Sigala Used Cars, 348 Imperial Avenue, Calexico, California, and he advised that the individual who desired to furnish the information was a [redacted] and that he would contact [redacted] and have him come to the used car lot that evening.

[redacted] advised that he resides at [redacted] California, [redacted], and can be contacted any time through [redacted] furnished the following information:

b6
b7C
b7D

He advised that he is familiar with an individual by the name of CHARLES EVERETT DEVINE, who resides at 219 South Imperial Avenue, Brawley, California, and whom [redacted] believes could possibly be identical with the D. B. COOPER involved in above-captioned skyjacking.

[redacted] advised that he has known DEVINE for approximately [redacted] and first became acquainted with him in 1962, through [redacted] in and around the [redacted]

b6
b7C
b7D

[redacted] He advised that he has not had any relationship whatsoever with DEVINE for the past [redacted] [redacted] but prior to that time he engaged in extensive discussions with DEVINE wherein DEVINE would mention numerous plans he would devise for obtaining money illegally. Among these plans were the use of explosives in bank robberies, and also the use of an airplane in order to effect an escape from a bank robbery. [redacted] could not recall details of any plans but did state that all of the plans mentioned by DEVINE were ingenious and well thought out. DEVINE told [redacted] that he would change his name if he ever carried out any such plan and would change it around so that his initials would be similar but last name different.

[redacted] further advised that subsequent to the above captioned skyjacking, and approximately one month after it, he drove by DEVINE's residence in Brawley, California, and noticed that the house appeared unoccupied, and he felt it had been unoccupied for some time. [redacted] based this on the fact that the yard was filled with leaves and did not appear to have been kept up. According to [redacted] this struck him as odd due to the fact that DEVINE is a very meticulous and orderly person and had he been home would not have let his front yard deteriorate to that condition.

b6
b7C
b7D

During one of their conversations [redacted] was advised by DEVINE that he had received paratroop training in the Army shortly after World War II and that he deserted or went AWOL from the Army. According to [redacted] DEVINE is currently on some type of relief assistance from Imperial County and to the best of his knowledge does not work. During their conversations regarding DEVINE's schemes to obtain money, DEVINE mentioned that should he ever be able to pull off a large haul, he would not flash around or use any of the money for a very lengthy period.

b6
b7C

SD 164-91

[] stated that DEVINE is 51 or 52 years old, but appears young for that age. He further described him as 5' 10" or 5' 11", average build, light complexion, blond hair combed straight back and a slightly protruding forehead. He stated that DEVINE is a very orderly, methodical, intelligent individual and according to DEVINE his IQ is 140 and this was determined during testing at Alcatraz. [] advised that DEVINE appears to keep himself in excellent physical condition and that he speaks in a low, calm voice with no noticeable accent. He further advised that he is an occasional heavy drinker and possible drug user. [] advised that DEVINE once informed him that his friend while he was incarcerated at McNeil Island, Washington, was an individual known as [] who according to DEVINE was [] in the vicinity of Yakama, Washington. [] advised that DEVINE spoke like he was familiar with the state of Washington and the northwest in general. [] believes that DEVINE also used to reside in the vicinity of Modesto, California.

b6
b7C
b7D

DEVINE had advised [] that he was arrested in Pasadena, California, for bank robbery and during that robbery he used an old-fashioned set of hair curlers to simulate an explosive device. [] recalled that DEVINE has a tattoo on his left hand along the knuckles, possibly the name "Chuck". It is noted that enclosed Imperial County Jail Booking Sheet shows that DEVINE had a tattoo of "Dice" on left fingers. Additional descriptive data regarding DEVINE is contained on enclosed Booking Sheet.

b6
b7C

Above information is being furnished the Seattle Division to possibly assist in the identification of D. B. COOPER or the elimination of DEVINE as a suspect.

No leads being set out at this time as that is being left to the discretion of Seattle as Office of Origin.

Seattle advise San Diego if additional investigation desired regarding DEVINE.

LEAD

On November 7, 1972, EARL COSSEY was contacted at Leota Junior High School in Woodenville, Washington, and he was shown a parachute that was found near Reno, Nevada. This chute had been forwarded to Seattle for display to COSSEY. The chute was a military backpack type with orange canopy and orange shroud lines.

COSSEY stated this parachute is not identical with the one provided UNSUB because of the following four reasons:

1. Parachute supplied subject had a white canopy.
2. Parachute did not have required markings around the edge of the canopy.
3. Parachute shown to COSSEY had a clamp on it which was not retained to parachute and was not supplied with parachute given to UNSUB.
4. The backpack shown to COSSEY did not have a place to attach a chestpack and the one supplied UNSUB did.

COSSEY stated that he checked his records again concerning the serial number of the chutes supplied UNSUB and was unable to locate them. COSSEY was asked to recheck to determine if possibly the numbers were still in his possession and he stated he would do so. COSSEY further advised he would call the FBI if he located the book in which the serial number of the parachute supplied UNSUB was contained.

Re Seattle airtel to Portland, dated 7/16/75.

For information of Seattle, [redacted] Albany, Oregon, is well-known to the Portland Office. He made several separate allegations concerning identification of UNSUB and location of ransom in this matter. Extensive investigation has resolved them all and no information is known to Portland indicating any possible connection or involvement or knowledge in this case on the part of [redacted]

According to the Federal Aviation Administration (FAA) authorities at Portland, PROBST is an airplane pilot of many years' experience. He was seriously injured in an airplane crash a number of years ago, suffering head injuries which have disqualified him for licensing in any aviation capacity. FAA files show a record of bizarre behavior.

It is noted that [redacted] has made numerous incoherent telephone calls to Portland Agents and has also authored incoherent letters. b6 per FBI
b7C per FBI

Portland is aware of the [redacted] concerning [redacted] [redacted] has previously attempted to draw the Portland Office into involvement in that matter. Portland feels that the information precipitating referenced airtel is in furtherance of those efforts. Accordingly, no further inquiry in this matter should be pursued.

AIR TRANSPORTATION SECURITY INTELLIGENCE SUMMARY NO. 14-71
SUBJECT: SUCCESSFUL HIJACKING/EXTORTION, NW 315, 24 NOVEMBER 1971
ON 24 NOVEMBER 1971 [REDACTED] IDENTIFIED ONLY AS 'D.S.' [REDACTED]
ATE 4:10 PM AND SLIP, BOARDED NW 315, A B-727, AT PORTLAND, OREGON,
ON A FLIGHT TO SEATTLE. EN ROUTE, HE HANDED A NOTE TO ONE OF THE
STEWARDESSES STATING THAT HE HAD A BOMB IN HIS BRIEFCASE AND WAS HI-
JACKING THE AIRCRAFT. HE ORDERED THE STEWARDESS TO INSTRUCT THE CAPTAIN
TO CONTACT OFFICIALS THAT HE WAS DEMANDING \$200,000 AND THAT HE WANTED
2 BROWN COLORED (2 CHEST AND 2 BACK PACKS). HE SHOWED THE STEWARDESS
HIS BRIEFCASE CONTAINED SEVERAL RED STICKS, WIRE AND A BATTERY.
HE COMPLETELY AGREED TO THE MAN'S DEMANDS. NW 315 ORBITTED NEAR SEATTLE
WHILE THE REQUESTED MONEY AND PARACHUTES WERE ASSEMBLED. THE AIRCRAFT
LANDED AT SEATAC AT 1742L. AFTER THE RANSOM AND PARACHUTES WERE PLACED
ON BOARD, CAPTAIN ALLOWED THE 33 PASSENGERS AND 2 OF THE 3 STEWARDESSES
TO DEBARK. WHILE THE AIRCRAFT WAS BEING REFUELED, THE HIJACKER CR-
IEDED THAT THE AIRCRAFT TAKE OFF WITH THE REAR DOOR EXTENDED, THAT
HE CAPTAIN FLY NO HIGHER THAN 10,000 ALTITUDE AT A SPEED NOT IN EXCESS
OF 200 MPH, WITH FLAPS AND LANDING GEAR DOWN, AND THAT ALL LIGHTS,
INCLUDING CABIN LIGHTS, BE EXTINGUISHED WHILE EN ROUTE. HE WAS ADVISED
THAT THE DOOR COULD NOT BE FULLY EXTENDED ON TAKEOFF, SO
HE AGREED THAT IT SHOULD ONLY BE LEFT OPENED.

b6 per FAA
b7C per FAA

AT 1930Z. ALLEGEDLY THE FINAL DESTINATION OF THE FLIGHT WAS TO BE MEXICO CITY AND THE CAPTAIN INDICATED THAT THERE WOULD BE FUEL STOPS AT BEND AND YUMA. DUE TO THE LOWERED GEAR, FLAPS AND REAR DOOR, AIR SPEED WAS REDUCED TO 170 KNOTS. EN ROUTE, THE HIJACKER REMAINED ON THE FLIGHT DECK. THE HIJACKER PULLED THE CURTAIN SHUT BETWEEN FIRST AND COCKPIT SECTIONS, MAKING IT IMPOSSIBLE FOR THE CREW TO OBSERVE HIM FROM THE FLIGHT DECK.

IT HAS BEEN ADVISED THAT THE CAPTAIN WOULD SQUAWK CODE 7700 ON HIS OWN INITIATIVE AND FLASH HIS LANDING LIGHTS FOR 30 SECONDS IF THE HIJACKER WAS OBSERVED EXITING THE AIRCRAFT. MILITARY ESCORT AIRCRAFT WERE PROVIDED AND ALSO INSTRUCTED TO SQUAWK IF THEY OBSERVED A PARACHUTIST EXITING THE AIRCRAFT.

AT SEASIDE, GENTLE AND PORTLAND, THE CREW COMMUNICATED WITH THE HIJACKER VIA THE PASSENGER AND INTERPHONE. HOWEVER, THE HIJACKER DID NOT RESPOND AT SEASIDE. APPROXIMATELY PORTLAND A LIGHT ON THE PASSENGER DECK INDICATING THAT THE REAR EXIT STEPS WERE OPENED AND SOME PASSENGERS, THIS WAS NOT REPORTED TO FLIGHT CONTROLLER. REPEATED REQUESTS BY FAA TO THE COMPANY TO HAVE THE CREW VERIFY THE HIJACKER'S CONTINUED PRESENCE ON THE AIRCRAFT WERE NOT COMPLIED WITH DUE TO POSSIBLE DANGER TO THE CREW.

DEC 4 03 10 21
HEAD MESSAGE CENTER

PAGE 4 REPRODUCTION OF ORIGINAL

IT IS NOTED THAT AT COCKPIT, THE HIJACKER WAS NOT ON BOARD. THE ONLY PASSENGER LEFT ON BOARD WAS A SET OF CRUISE (1 FRONT AND 1 BACK PACK). THE HIJACKER LET THE PROFILES HOWEVER, THERE WAS NO PASSENGER LEFT ON BOARD IN EFFECT BY AT PORTLAND. AS FAR AS PARACHUTES ARE CONCERNED, WE URGENTLY URGE HOLD STORAGE OF SPORT PARACHUTES IN ALL AIRCRAFT SHOULD BE ESPECIALLY ALERT TO CHALLENGE PASSENGERS WITH UNUSUALLY WRAPPED PACKAGES WHICH MIGHT CONTAIN A PARACHUTE. I THINK IT IS IMPERATIVE THAT THE ACTIVITIES OF A PARACHUTIST BE MONITORED IN FLIGHT SINCE HOW ELSE CAN YOU BE CERTAIN THAT A LIVE BOMB HAS NOT BEEN LEFT BEHIND AND SET TO DETONATE. TO FLY FOR HOURS AFTER THE PARACHUTIST HAS LEFT THE AIRCRAFT COULD BE SUICIDAL. FURTHER, SUCH ACTION COULD HAVE ASSISTED IN THE EARLY APPREHENSION OF THE ORIGINAL THUG CURDING SOME OF THE ADVERSE PUBLICITY RESULTING FROM HIS ESCAPE. IT IS OUR OPINION THAT THERE WILL BE A SIMILAR ATTEMPT IN THE NEAR FUTURE. W RPHY, SE-1.
