The Honorable Donald J. Trump
President of the United States
The White House
Washington, D.C. 20500

Dear Mr. President:

As members of the Republican Main Street Caucus, a group of more than 85 House conservatives focused on governing and producing legislative results, we write to express our strong support for the work of Tom Homan and his efforts to strengthen our nation's immigration enforcement in his role as White House Border Czar.

Last week, approximately two dozen members of our caucus met with Mr. Homan to discuss the current state of immigration enforcement and the steps necessary to strengthen public safety while restoring confidence in federal immigration law. We came away from that meeting with tremendous confidence in Mr. Homan's leadership, his experience, and his clear-eyed approach to addressing illegal immigration.

During our discussion, members of the caucus and Mr. Homan shared strong agreement on several priorities that can make an immediate difference in communities across the country.

First, enforcement efforts should remain focused on the worst criminal offenders. Prioritizing the removal of individuals who pose the greatest threats to public safety ensures that federal resources are used effectively while protecting American families and communities.

Second, we discussed the importance of allowing Immigration and Customs Enforcement access to local jails before criminal aliens are released. Cooperation between federal and local authorities is a practical and proven way to prevent dangerous individuals from being released back into our communities.

Third, we share the view that sanctuary policies undermine public safety and hinder lawful immigration enforcement. Repealing policies that prevent cooperation with federal authorities is a necessary step toward restoring accountability and ensuring that immigration laws passed by Congress are properly enforced.

Finally, we agreed there should be clear communication from ICE to the American people and to Congress regarding its success in deporting the worst criminal offenders—individuals with records of assault, battery, rape, DUI, and other serious crimes.

Smart enforcement and coordination are key to making our communities safer. Mr. Homan's approach reflects those principles, and we believe his leadership will continue to strengthen the federal government's ability to enforce immigration laws in a targeted and effective manner. As a caucus committed to responsible governing, we are eager to continue working with your Administration to advance policies that strengthen immigration enforcement while maintaining public trust in our system.

We also wish to express our support for your nomination of Senator Markwayne Mullin to serve as Secretary of the Department of Homeland Security (DHS). Senator Mullin has demonstrated a steadfast commitment to border security. His familiarity with the legislative process and his longstanding support for pro-America policies make him well-suited to lead DHS at this critical moment. We are confident he will bring the focus and discipline necessary to further our shared priorities.

We appreciate your continued commitment to securing the border and restoring order to our immigration system. We look forward to working with your Administration to advance these priorities.

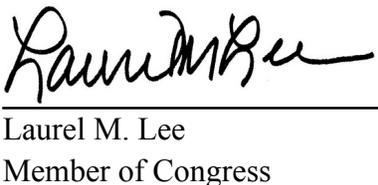

Sincerely,

Mike Flood
